

Request for Confidential Communications of Protected Health Information (PHI)

Confidential communications afford patients the ability to request a different mailing address, phone or email address be used for communication. By completing this form, you are requesting that your protected health information, including clinical information (e.g., test results, patient instructions), billing information and other facility communications (e.g., patient surveys) be communicated to you via the alternative mailing address, phone number and/or email below.

Yale Health (YH) is not required to agree to this request and only reasonable requests to receive confidential communications will be accepted. If accepted, the confidential contact information will be available for all treating clinicians utilizing the Epic medical record system. It will be the responsibility of the patient to place a similar request with other external organizations.

If the request is accepted, I understand this request for confidential communications will apply to all future communications, unless I request a change to this information.

Patient Name (First, MI, Last Name):	
Date of Birth (MM/DD/YYYY):	Request Date:

Alternative Communications Requested (NOTE: only U.S. addresses and phone numbers will be accepted)
